LIST OF ICT ENABLED TOOLS USED FOR TEACHING AND LEARNING

1. Class rooms with Wifi facility and LCD projector – All classrooms are provided with LCD projector for projection of lectures along with wifi facility for teachers and students.
2. Desktop and laptops- Each teacher has its own laptop. For further smooth working of subject related matters, three desktops are provided for teachers with attached printers. PG students have their own laptops for day to day work. Internet section with 20 computer terminals is available in the central library for students' use. Institute office has its own desktop, printer, scanner and photocopy facility.
3. Projector- Each class room is provided with LCD projector which can be attached to desktop or laptop for routine lectures in the form of Power point presentations. It can also be used for sharing patient related videos for clinical training as it reduces extra trouble given to patients for repeated demonstrations during clinical teaching.
4. Digital cameras-Institute has its own photographer for professional photography of subject related matter. Patient's photographs and videos for clinical training are clicked by the staff and students and stored in a hard disk for future use.
5. Photocopier- Two photocopier machines are available for students and teachers, one in central library and the other in the institution. Services are available during working hours which ease their work to a great extent.
6. Scanners- Apart from mobile scanner apps, two scanners are available in the office for better quality paper work. It is accessed only by teachers and administrative staff for maintenance issue of these machines.
7. Digital Audio System- Institute owns the digital audio system for smaller activities involving less number of persons. For bigger size audience, separate halls are made available by the foundation.
8. DVDs and CDs- Institutional library has around 100 DVDs of various academic books which can be accessed by all student's right from 1st to final yr. along with PG students.
