

YEARLY STATUS REPORT - 2022-2023

Part A	
Data of the Institution	
1.Name of the Institution	Dr. Vithalrao Vikhe Patil Foundation's College of Physiotherapy, Ahmednagar (MH)
• Name of the Head of the institution	Dr. Shyam Devidas Ganvir, PhD
• Designation	Principal cum Professor
• Does the institution function from its own campus?	Yes
• Phone No. of the Principal	02412778042
• Alternate phone No.	8554990224
• Mobile No. (Principal)	9373566683
• Registered e-mail ID (Principal)	principal_physiotherapy@vimscopt.edu.in
• Alternate Email ID	shyam.ganvir@gmail.com
• Address	Dr. Vithalrao Vikhe Patil Foundation's College of Physiotherapy Opp. Govt. Milk Dairy, MIDC, Viladghat
• City/Town	Ahmednagar

• State/UT	MAHARASHTRA				
• Pin Code	414111				
2. Institutional status					
• Affiliated / Constitution Colleges	Affiliated College				
• Type of Institution	Co-education				
• Location	Rural				
• Financial Status	Private				
• Name of the Affiliating University	Maharashtra University of Health Sciences, Nashik				
• Name of the IQAC Co-ordinator/Director	Dr. Suvarna Shyam Ganvir				
• Phone No.	8554990233				
• Alternate phone No. (IQAC)	02412778042				
• Mobile No:	9372910683				
• IQAC e-mail ID	iqacell1617@gmail.com				
• Alternate e-mail address (IQAC)	suvarna.ganvir@gmail.com				
3. Website address (Web link of the AQAR (Previous Academic Year))	https://www.vimscopt.edu.in/				
4. Was the Academic Calendar prepared for that year?	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	https://www.vimscopt.edu.in/wp-content/uploads/2024/02/1.-Academic-Calender.pdf				
5. Accreditation Details					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to

Cycle 2	A	3.02	2021	17/08/2021	16/08/2026
6.Date of Establishment of IQAC			13/04/2015		
7.Provide the list of funds by Central/ State Government-UGC/ICSSR/ IUCTE/CSIR/DST/DBT/CPE of UGC/PMMMNTT etc.					
Institution/ Department/Faculty		Scheme	Funding agency	Year of award with duration	Amount
Nil		Nil	Nil	Nil	Nil
8.Whether composition of IQAC as per latest NAAC guidelines			Yes		
<ul style="list-style-type: none"> Upload latest notification of formation of IQAC 			View File		
9.No. of IQAC meetings held during the year			4		
<ul style="list-style-type: none"> Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website? 			Yes		
<ul style="list-style-type: none"> (Please upload, minutes of meetings and action taken report) 			View File		
10.Whether IQAC received funding from any of the funding agency to support its activities during the year?			No		
<ul style="list-style-type: none"> If yes, mention the amount 					
11.Significant contributions made by IQAC during the current year (maximum five bullets)					
Training of faculty in Research Methodology, e-content development training of non-teaching faculty in Delnet Applications.					
Campus placement drive for outgoing students along with training for how to face interview.					
Guidance to students about Electoral process & the role of youth					
Organization of International Conference on Osteoarthritis, Inculcation of the concept of theme-based Conference in					

Physiotherapy Profession.

Regular community activities old age center, industry, and paraplegia units, for services to patients & for the training of students with experiential learning.

12. Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year (web link may be provided).

Plan of Action	Achievements/Outcomes
Faculty development in the areas of Research Methodology E-content Development	Regular training of newly joined teaching staffs is being done by providing them with the opportunities by organizing workshop.
To make students industry ready.	Campus placement drive was organized which helped students to analyze their potential & refine their soft skills.
To included social responsibility among students	1. An awareness program on awareness about electro process & role of youth was organized. 2. Educational Tour for Students at nearby health care organisation to Understand the concept pf Rehabilitation in better way.
To provide Experiential Learning	Outreach activities in old age home, stroke center at Rahuri, Ahmednagar. SCI Rehab center, Sainath Industry are being organized regularly to train students in the treatment using community based physiotherapy strategies.
To organized International Conference on	Theme based conference is the need of time to understand the treatment strategies specific to disease Institute organized the Conference an Osteoarthritis which was attended by more than 300 participant online.

13. Whether the AQAR was placed before statutory body?

Yes

- Name of the statutory body

Name	Date of meeting(s)
Local Managment Committee	28/06/2023

14. Does the Institution have Management Information System?

Yes

- If yes, give a brief description and a list of modules currently operational

1. Library information system using Cloud 9 App being used for issue returns, a record of available books, regulation of books according to speciality, research Project Record.
2. Patient information Management using Cloud 9 App for daily, Monthly, Yearly Records & Statistics.
3. Academic Management system for Teaching staff for teaching plan preparation & record of activities for each professional year.
4. Financial accounting system developed using Synchronic ERP, Tally ERPg & TDS.
5. Purchase & inventory system (developed using synchronic ERP).
6. System of Medical & Hospital records department (MRI) developed using Disintch.
7. Innaging Management system (Developed using Mediff Technology).
8. Parent Communication about student performance through the college App.

15.Multidisciplinary / interdisciplinary

Year	Name of the training	Date	Name of other discipline
2022-23	Good Clinical Practices	29th December 2022	Physiotherapy, Medical And Nursing
	Basic workshop on Research Methodology	27th, 28th & 29th July 2022	Physiotherapy, Medical And Nursing
		4th, 5th & 6th April 2023	
	Resident as a Teacher Basic workshop on Education Technology	28th & 29th November 2022	Physiotherapy, Medical And Nursing
	Dissertation Writing	29th December 2022	Physiotherapy, Medical and Nursing
	Synopsis Writing	23rd July 2022	Physiotherapy, Medical And Nursing
28th April 2023			

16.Academic bank of credits (ABC):

An Institute being affiliated institute to the parent university is not eligible for enrollment in Digilocker. However, students can enroll themselves. Sensitization is being done among students for enrollment. At present 10% of students have enrolled. More students will enroll in the future.

17.Skill development:

Sr. No.	Batch	Topic	Date
1.	IV Year	NDT Orientation Program	04/08/2022
2.	MPT I	NDT Orientation Program	06/08/2022

3.	Interns	ICU Monitoring	05/12/2022
4.	Interns	Exercise Testing	06/12/2022
	PG's		07/12/2022
5.	Interns	ANC/PNC Exercises	28/12/2022
			30/12/2022
6.	Interns	Taping for Upper Quadrant Dysfunction	27/01/2023
			31/01/2023
7.	Interns	Taping for Lower Extremity	21/03/2023
			24/03/2023
8.	MPT	Mulligan Technique	07/06/2023

18. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Physiotherapy is a part of modern medicine intended for healing patients through physical modalities primarily taught in the English language. However, a patient treated by physiotherapists needs to be communicated in the Indian local language, so teaching treatment skills needs to be oriented in the local Marathi language. so, teaching how to deal with patients is Primarily carried out in the local language. Best Practices Institute stands out due to its best practice of curriculum delivery & extension outreach activities for patient care. curriculum delivery is carried out in a structured way with an equal division of responsibilities among staff & students, year coordinator is a responsible overall teaching-learning program throughout the year. extension & outreach activities conducted by the institute for the benefit of the community & exposure of student services. the dual purpose of community service & student training at the local level with enhanced hands-on practice. All teaching staff contribute to the success of best practices with strong support from non-teaching staff.

19. Focus on Outcome based education (OBE): Focus on Outcome based education (OBE):

To provide outcome-based education, the skills required for physiotherapists are emphasized via skill development programs organized for undergraduate and postgraduate students all throughout the year. It is evaluated by using an objective checklist during the rotatory clinical posting and records are maintained where immediate feedback is given to the students about their performance. Course objectives and program objectives specified by the institute are achieved with the help of structured curriculum delivery in the form of the preparation of an academic calendar at the beginning of the academic session and its strict adherence promotes an efficient teaching-learning environment. The objectives focus primarily on the achievement of specific skills required by the physiotherapist.

20. Distance education/online education:

Faculty members are motivated to undertake E-training courses in the field of education research and clinical skills. this year four staff members have been trained through virtual platforms. Students are provided with e-classes in the form of recorded lectures on Google Classroom which can be accessed by them at any time during the year.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum planning, delivery and evaluation through a well defined process as prescribed by the respective regulatory councils and the affiliating University.

Ensured Through-

1. Academic Calender Preparation before the commencement of the academic year for each professional year separately (UG, PG & PhD) .
2. Conduction of the Orientation Program separately for each year (Regular & Odd batch) for sharing the plan of curriculum delivery with Students & Teachers.
3. Regular College curriculum meeting for a follow-up about adherence to the Academic Calendar& plan modification if any.

Curriculum Delivery-

1. Preparation & adherence to the daily timetable teaching plan of each subject.
2. Class Monitoring of every class (Theory, Practical) for each year.
3. Termwise distribution of syllabus & obtaining syllabus completion declaration from the Teacher in-charge.

Curriculum Evaluation-

1. Mandatory evaluation in the form of Internal Assessment exams & University exams.
2. Institute Initiatives- a) Case Evaluation for each student during clinical posting. b) Case Evaluation for Interns. c) Seminar Presentation & Evaluationd) Class Tests e) Practice tests for PG. f) Preliminary exam for PG.

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods are used for enhancing learning experiences by: Experiential learning Integrated/inter disciplinary learning Participatory learning Problem solving methodologies Self-directed learning Patient-Centric and Evidence-Based Learning Learning in the Humanities Project-based learning Role play

The learning is made more student centric by following ways

- Interactive learning including group discussions, small group teaching are adopted by the teachers.

Experiential learning

- Students are motivate to form clinical management or physiotherapy goals to treat the patients and improvement.

Participatory learning

- Students are taken to field visit, study tour or visit to different rehab centres.

Problem solving methodologies

- by challenging the students with assignments regular basis to check their level of understanding subject.

Integrated Learning:

- Horizontal and Vertical integrated teaching schedule is organized for different subjects, different topics.

Self-Directed Learning:

- Students take initiative, with or without the help of others, in diagnosing their learning needs, formulating learning goals.

Patient-Centric Learning:

- During clinical posting patients are allotted to the students for assessment and treatment purposes. Patient's records also maintained by the department in the form of individual file.

Evidence - Based Learning:

- It describes class of approaches, processes, strategies empirically demonstrated to produce learning outcomes.

Learning in Humanities:

- It's achieveorganizing activities to teach values, ethics, social responsibility through different camps.

Project - Based & Role Play Learning:

- As per university syllabus final year, interns & postgraduate students have to submit project and thesis at the end of session.

2.5.3 - Reforms in the process and procedure in the conduct of evaluation/examination; including the automation of the examination system. Describe the reforms implemented in

internal evaluation/ examinations with reference to the following within 100 - 200 words
 Examination procedures Processes integrating IT Continuous internal assessment system
 Competency-based assessment Workplace-based assessment Self assessment OSCE/OSPE

Examination Procedures

Examination detail schedule is prepared one month before the actual date of examination & notified to the students through notice board, College app.

Question paper is asked to email - vimsphysiotherapy.exam@gmail.com which maintain confidentiality.

Evaluator are called in specific period at exam cell and they are instructed for evaluate the answer paper within 7 days.

Processes Integrating IT

Maximum part of university exam and as well college internal exam procedure is done with automation of IT. In university examination theory exam evaluated marks entry and tabulation done online. In practical exam appointing examiner, practical marks entry done online. Exam time table, result also displayed online.

Continuous internal assessment system

College is conducting two more internal examination apart from university examination.

Competency - based assessment

As per university format all year student's skill and knowledge is assess in practical exam which content hands on performance, skill based performance and viva.

Work place - assessment

In subject- 'Community-Based-Rehabilitation' - used go assess and treat to all type industry even for institute worker and later student skill also assess during examination on same industry.

Self-assessment & OSCE/OSPE

Trial basis college has conducted OSCE / OSPE pattern examination to evaluate the students.

2.6 - Student Performance and Learning Outcomes

2.6.1 - The Institution has stated the learning outcomes (generic and programme-specific) and graduate attributes as per the provisions of the Regulatory bodies and the University; which are communicated to the students and teachers through the website and other documents

The institute inform all UG & PG students about learning outcomes mentioned in the syllabus for each year & subject at the time of them orientation programme. The institute has developed learning outcomes and attributes according to the provisions of regulatory bodies i.e MUHS & Council. Students get ideas about the upcoming activities - events, days, conferences, workshops, different competitions through student council committee meetings, class-wise college whats app group, cloud 9 software & through institute website. Orientation programs are scheduled for all batches of students first day of joining. In the orientation programme all curricular & extra-curricular activity details are explained to the students. The institute publish students magazine yearly. Method of Assessment: Students observe, understand, recognize, apply & recall the knowledge during the practicals, case presentations and during treatment session. It helps to improve cognitive skills. Affective skills are trained using during seminar presentation, journal

presentation. In practical session students practice treatment techniques and apply on patients for learning psychomotor skills.

2.6.3 - The teaching learning and assessment processes of the Institution are aligned with the stated learning outcomes. Provide details on how teaching learning and assessment processes are mapped to achieve the generic and program-specific learning outcomes (for each program) within 100 - 200 words

Yes, teaching learning & assessment processes are aligned through academic calendar, subject wise teaching plan, exam & daily time table & revision classes; which is emphasis on different skills.

- **Teaching Learning Process:**

Teaching learning process enhance through the predetermine academic calendar, daily time table, teaching plan, syllabus copy etc. The Year wise academic calendar is planned in advance before the starting of each academic year, which contain tentative dates of summer and winter vacation, college & university examination. Daily time table schedule forwarded to every one during orientation programme. Topic wise distributions of subjects are allotted to the teachers in college council meeting in the beginning of academic year. Topics are divided into equally. Revision classes schedule for all year after completion of syllabus.

- **Assessment Processes:**

Assessment process enhance through Timely Internal Assessment Examinations, Class Tests, Assignments, Presentations (Seminar & Project); Internal assessment are sign by students time to time for both college and university examination. Timely declarations of result manage by examination cell. Examination cell is responsible for result analysis of all college exams.

2.6.4 - Presence and periodicity of parent-teachers meetings, remedial measures undertaken and outcome analysis. Describe structured mechanism for parent-teachers meetings, follow-up action taken and outcome analysis within 100 - 200 words

The annual Parent-Teacher Meeting (PTM) serves as a cornerstone event following the culmination of terminal examinations. This initiative underscores institution's commitment to nurturing robust relationships among parents, teachers, and students. Spearheaded by the PTM committee, these gatherings are meticulously organized to ensure that they occur at least once a year, with committee diligently liaising with parents to coordinate meeting schedule.

The agenda for these PTMs is comprehensive, covering a diverse array of topics crucial to the college community's growth and development. Discussions encompass the college's Vision/Mission, Infrastructure facilities, Academic Activities/Achievements, Co-curricular activities, and student support initiatives aimed at fostering holistic development. Additionally, these meetings serve as a forum for parents to provide valuable feedback, suggestions, which are instrumental in shaping the college's policies and programs.

The overarching objective these parent-teacher meetings transcends mere discourse; it aims to deepen parents' understanding of the

college's ethos, offerings and enhance their comprehension of the course structure, curriculum, available career opportunities. Furthermore, these meetings are designed to catalyze improvements in the teaching-learning environment, streamline administrative processes, and foster a culture of discipline and academic excellence among students. Ultimately, collective efforts of parents, teachers, administrators converge to create an environment conducive to holistic growth and success

3.2 - Innovation Ecosystem

3.2.1 - The Institution has created an ecosystem for innovations including Incubation Centre and other initiatives for creation and transfer of knowledge. Describe the available Incubation Centre and evidence of its functioning (activities) within 100 - 200 words

Physiotherapy Students and staff are encouraged to be actively involved in the application of Technology for innovative research and models. All necessary support is provided for the documentation, Publication of Research Papers in the journals, and also for the registration of patents. COPT has its own Ethical committee and Research cell committee which supports innovations by teachers and students. COPT IEC is registered with DGDC, Delhi. Students are encouraged to conduct innovative research and prepare models for presenting at the National and International platforms. Few of the

models were also patented by the teachers and published in Journal for Patent publication.

Role of Incubation center:

1. To encourage teachers and students for conducting research
2. To provide support facilities such as infrastructure, equipment, internet for conducting research
3. To provide support and assistance for patent registration and presentation of innovative models
4. To help in writing the proposals for funding

MUHS also provides grants for the construction and presentation of equipment. Institute with the help of Incubation center gives wide publicity for it and encourages students to apply for grants.

3.4.3 - Number of awards and recognitions received for extension and outreach activities from Government / other recognised bodies during the year. Describe the nature and basis of awards /recognitions received for extension and outreach activities of the Institutions from Government /other recognised bodies during the year within 100 - 200 words

- Physiotherapy addresses the illnesses or injuries that limit a person's abilities to move and perform functional activities in their daily lives. Physiotherapists use the patient's history and physical examination to diagnose the condition and plan the treatment accordingly.
- It primarily focuses on the science of movement to address underlying physical issues caused due to injury or disability and help people in restoring, maximizing & maintaining their physical strength and vigour.
- DVVPF's College of Physiotherapy believes in all-round development of students and hence encourages students to participate in extension & outreach activities that help in the overall growth of student personality.
- Outreach activity initiated by department of Neuro-Physiotherapy is treatment to the Stroke patients at the Ashadeep Kendra, Rahuri. The services provided proved useful for the patients to function independently.
- Our department of Community Physiotherapy has taken an initiative to provide with Ergonomics, Work Hardening & Work Conditioning as well Posture assessment and Treatment at the Sainath Udyog which is an Industry for Manufacturing of Electrical Switch Parts.
- Wheelchair training Programme was organised for Disabled People at Loni, Maharashtra by the District Disability and Rehabilitation Centre .

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc. Describe the adequacy of facilities for teaching-learning viz., classrooms, ICT-enabled classrooms, seminar halls, facilities for clinical learning, learning in the community, Teleconferences, AYUSH-related learning cum therapy centre, well-equipped laboratories, skills labs etc. as stipulated by the appropriate Regulatory bodies within 100 - 200words

1. Adequate Facilities-Institute has well-equipped clinical Laboratories and classrooms. Each classroom and seminar hall is equipped with LCD, wifi, and CPU. High-speed internet broadband LAN is provided for online teaching and conferences. A smartboard is installed in the conference room to keep technology updated. Students are posted in clinical areas wherein every place is provided internet and PACS facility. PACS helps in clinical teaching using radiological investigations which are available online for access. A teleconference facility is available which helps in telerehabilitation. Weekly telerehabilitation session is organized by each department using teleconference facilities. All laboratories i.e. Electrotherapy and electrodiagnosis, Kinesiology, Yoga and Fitness, and skill lab are equipped with advanced equipment's as per the norms of Governing council and an affiliating university. Every year equipment requirements are put for the purchase of new and advanced equipment's in the laboratories. Each lab is also provided with high speed LAN connection and provision for LCD.

File Description	Documents
List of available teaching-learning facilities such as Class rooms, Laboratories, ICT enabled facilities including Teleconference facilities etc., mentioned above	https://www.vimscopt.edu.in/wp-content/uploads/2024/03/4.1.1-List-of-availiabile-teaching-learning-facilities.pdf

4.2 - Clinical, Equipment and Laboratory Learning Resources

4.2.1 - Teaching Hospital, equipment, clinical teaching-learning and laboratory facilities as stipulated by the respective Regulatory Bodies. Describe the adequacy of the Teaching

Hospital, equipment, clinical teaching learning and laboratory facilities as stipulated by the respective Regulatory Bodies within 100 - 200 words

For hospital teaching and clinical teaching learning, demo rooms at each ward and ICU are made. Case presentations of undergraduate and postgraduate students are conducted in the demo rooms with the facility of shifting the patient to the respective rooms. Clinical teaching learning like demonstration of skills on patient is done at bed side or demo rooms for students. Physiotherapy facilities in our hospital various electrotherapeutic modalities like CPM, laser machine and other basic electrotherapeutic modalities are used for patient care.

Along with these facilities for patient care and student learning well equipped Intensive Care Units for medical and surgical departments, neonatal ICU, Respiratory ICU and also District Disability Rehabilitation Centre (DDRC) is provided. For patient care Mobile Medical Unit and Ambulance facility is provided at the door steps. Medical store in the hospital is available for ease of the patients.

For student learning and research purpose advanced modalities like Electromyography, Nerve Conduction Velocity, Pulmonary Function testing, BoBo master, Body fat analyser, Hand function test etc are used. Central Clinical Laboratory, various investigations like X-ray, Ultrasound, ABG are also done for clinical research and learning purpose.

4.3 - Library as a Learning Resource

4.3.1 - Library is automated using Integrated Library Management System (ILMS). Describe the Management System of the Library within 100 - 200 words

An Integrated Library System (ILS), also known as a library a library management system, is an enterprise resource planning system for a library, used to tract items owned, orders made, bills paid, and patrons who have borrowed. Modules might include:

Each patron and item has a unique ID in the database that allows the ILS to track its activity.

In our institute we use Cloud 9 based library management. We have taken license for the Cloud 9 and have validity from 16/02/2021 to 25/08/2022. It is very simple and easy and it can be easily integrated with other systems too. It provide online and offline storage, automated backups, and easy upgrades to simplify and enhance the learning process.

It gives our students 24*7 access to library. Helps in automate, simplify and deploy library database seamlessly. It is highly secure, scalable and reliable and is also available on mobile phones.

Helps in Innovation, students can search, write articles, upload photos and videos, manage email, send messages, but also help them keep up with the librarian and other students via chat, discussion forums, and social media. Also it is very much cost effective and reliable source for the whole institution.

4.3.5 - In-person and remote access usage of library and the learner sessions/library usage programmes organized for the teachers and students (data for the academic year) Describe in-person and remote access usage of library and the learner sessions/library usage programmes organized for the teachers and students data for the preceding academic year within 100 - 200 words

- 1. Library usage by teacher and student:** Total capacity of Undergraduate (UG) reading hall combined of UG & PG students is 60. Remote access of library reading hall is maintained through student entry register. One hour library schedule is allotted to the students of each batch undergraduate & post graduate students i.e. once in a week. On an average 150-160 students utilize UG reading hall and 18 PG students utilize PG reading hall monthly.
- 2. Learner session/ library usage programme:** Every year institute organizes this program for the teacher & PG students. For students it is organized during each academic year's orientation program where students are shown the new books available in the library and additional information like earn and learn scheme, book bank scheme is given to them. After the orientation program, a visit to library is given by the students in the guidance of librarian. Similarly, same program is organized for the teachers to give information about advanced books available specialty wise for reference and also to guide the students of mentorship for usage of library books.

4.4.2 - Institution frequently updates its IT facilities and computer availability for students including Wi-Fi . Describe computer availability for students and IT facilities including Wi-Fi with the date(s) and nature of updation within 100 - 200 words

The Biomedical Maintenance department is established in the institute to provide uninterrupted IT facilities to all stake holders.

Wi-Fi facility is made available at all the places in the campus by providing access points at different places in the campus. In the institute wifi access is provided at important places such as Library, Common rooms, seminar rooms, Labs and class rooms.

Standard Operating Procedures have been developed for the daily maintainance and EMC of all IT facilities.

Updates done in Last five years

1. Bandwidth Changed from 20MBPS to 86 MBPS

Internet lease line is updated to 86Mbps.

2.Wifi Coverage from Local to Whole Campus

Jio wifi has been installed in whole campus to provide high speed internet to all stakeholders in the campus.

3. LAN network

LAN network has been increased and all class rooms and Seminar halls in the the institute are covered to provide infrastructure for online classes and interactions

4. Computer updates:

In last two years many computers are replaced with latest new PCs. 8th Gen gDR 4 RAM, 1TBH configuration is used for upgration of computers.

5. LCD's:

Now all class rooms are fitted with LCD's and PCS. Also provision are made for Laptop connection and Internet connection.,

4.5.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports facilities, computers, classrooms etc. Describe policy details of systems and procedures for maintaining and utilizing physical and academic support facilities within a maximum of 100 -200 words.

Electro medical, Electrical and Civil department deals with the maintenance of facilities in the institute. There is set procedure for maintaining the infrastructure. The printed log book is maintained in each department to send the complaints related to maintenance. It goes to the administrative officer through Principal with HOD signature. The administrative officer forwards the complaint to either of above departments based on type of complaint. After receiving complaints at the department level it is decided whether to go for local maintenance or send it to agency that signed AMC. At the departmental level, work is allotted to field engineer or technicians. They inspect the problem and repair it locally if it is repairable. If the issue needs some expenses the same is sent to the account after doing the budget. Once issue is resolved the complaining authority is informed and asked to give user feedback for the same.

6.3.5 - Institution has Performance Appraisal System for teaching and non- teaching staff. Describe the functioning of the Performance Appraisal System for teaching and nonteaching staff within 100 - 200 words

Performance Appraisal System for teaching-staff:

The College has an Annual Self Appraisal Report (ASAR) As per 7th Pay UGC Regulation for the teaching staff. Every academic year IQAC collects the API forms from all the faculty members. The performance of the concerned teacher is assessed by the Head of the department and the Principal on the basis of API/ ASAR and necessary action is taken for the improvement. The teacher's performance is assessed for:

- Teaching, Learning, and Evaluation Related Activities
- Professional Development, Co-curricular and Extension activities
- Research and Academic Contributions.

Evaluation by students - The College collects feedback from students on teacher's performance at the end of every academic year for further improvement and implementation.

Performance Appraisal System for non-teaching staff:

Confidential Reports - The overall performance of the non-teaching staff within the campus is evaluated by the Heads of the concerned Departments and the confidential report is submitted to the Principal for the final evaluation.

Students Suggestion Box:- is another mechanism to collect information about the satisfaction students get from the services provided by the college and staff.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

a. Planning -

- Requirement of the human and non-human resources like laboratories etc as per the syllabus change, university change

etc is prepared by the respective faculties/lab in charge and section in charge.

- Head of Department scrutinizes & compiles the requirements received from the lab in charges and section incharges.
- After scrutiny by the Principal, these are forwarded to the HO.
- The proposals are reviewed by Management , After their review the same is forwarded for approval by the Executive Committee and Honorable Trustees
- Executive Committee and Honorable Trustees approve the budget .

b. Control -

- Actual expenditure is monitored through a budget note which shows the actual expenditure vis-à-vis the budgeted amount for each head of expenditure.
- Efficiency in use of resources is ensured through proper negotiation with vendors and suppliers of services so that the purchases of goods and services are at the best rates.

Utilization of Funds:

- Funds are allocated based on the budget submitted at the beginning of the financial year.
- Majority of funds are allocated for effective teaching-learning practices
- Adequate funds are utilized for the development and maintenance of the infrastructure

6.5 - Internal Quality Assurance System

6.5.1 - Institution has a streamlined Internal Quality Assurance Mechanism. Describe the Internal Quality Assurance Mechanism in the Institution and the activities of IQAC within 100 - 200 words

IQAC is constituted as per the directives with representatives from various stakeholders including teaching, Non-teaching, Alumni, Students, Management representative, noted academicians. Recent committee was constituted in April 2023 valid for next two years.

Contribution-

- 1. Curricular Aspects- Teacher Diary, incorporation of more number of Seminars, Academic quiz, interactive teaching learning sessions.**
- 2. Teaching Learning and evaluation - Timely & transparent conduct of exams, feedback about performance, miniature assessment.**
- 3. Research Innovation and extension - Interuniversal research camp participation, Innovation camp participation at inter collegiate level, experiential learning by field placements.**
- 4. Infrastructure and Learning Resources - Use of with enabled class rooms, dedicated skill training areas & sessions, provision of adequate number of books owing to increased intake.**
- 5. Student support and Progression -Organization of soft skill training for Interns & PGs to make them industry ready.**
- 6. Governance, Leadership and Management- Provision of financial support to 5 teachers for Conference presentation, Awards at national Conference.**
- 7. Best Practices- Holistic Community based patient services leading to experiential learning & development of soft skills.**

7.1.2 - Measures initiated by the Institution for the promotion of gender equity during the year. Describe gender equity & sensitization in curricular and co-curricular activities, facilities for women on campus within 100 - 200 words

The Government of India, introducing a Gender Sensitization and Legal Awareness Programme at the school/college level would facilitate inculcating values of equality, inclusivity and diversity, which are essential for building a healthy society among adolescent boys and girls.

In our institute, we have a special 'Grievance cell' for women & they conduct these programs for students and staff. The Grievance Cell for Women engrosses awareness about gender issues and works towards creating an enabling environment of gender justice.

The main goal is to promote gender equality awareness among young boys and girls and instill positive values that support girls' rights while understanding social and cultural gender constructions.

Activities:

The institute made the staff and students aware about the right to personal dignity and security, gender equality and issues related to them by conducting special programs

Facilities

The Institute has separate common rooms for girls and boys with amenities provided tables, chairs, lockers, charging boards, etc. We have separate girls' hostels with all basic amenities such as hot and cold water, drinking water, reading rooms, waiting rooms, etc. with a lady guard

7.1.4 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 100 - 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

Degradable and Non-Degradable Waste Management

All national guidelines are followed for Biomedical waste generated in Hospital. The MoU is signed with Bioclean System PVT. System.

Following color coding is followed for the segregation of Biomedical waste

1. Yellow: In yellow bins, there could be human waste, tissues, organs, or bodily fluids. They contain chemicals, soiled bed sheetsets, animal carcasses, or laboratory waste.

2. Red: In red containers, there will be contaminated waste material that has been in contact with hazardous substances. For instance, IV tubes, catheters, tubing, or syringes (without the needle) can all be collected in red bins. Most of these materials can be recyclable because they are plastic.

3. White: These containers are used for sharps waste. Sharps can include used needles, scalpels, or blades.

4. Blue: Blue cardboard boxes can be used to discard various glass materials. Beakers, medicine vials, and other broken glass equipment can be placed in this receptacle

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Cultural Celebration & observance of days specific festivals 7 health related days.

Regional- Opportunities for all students to nominate in various administrative committees irrespective of their geographical origin.

Linguistic- Freedom to express their talent in preferred language through student led event called Abhivyakti.

Communal- No restriction on clothing during teaching & clinical hours, expect that white apron or overcoat is compulsory which is common for all.

Socioeconomic_ all facilities in the institute are available to all students irrespective of specioeconomic status for free wi fi costly instruments. Equipment in lab or treatment area.

7.1.10 - The Institution celebrates/ organizes national and international commemorative days, events and festivals. Describe the efforts of the Institution in celebrating /organizing National and International commemorative days and events and festivals within 100 - 200 words

Institution organizes various activities on the occasion of national & international days related to health, and education. The observance of international health-related days, weeks and other anniversaries has been a feature of WHO's activities for decades. They include health promotion, agenda-setting, public information and education, advocacy for action and fighting discrimination and stigma. At the start of new academic year committee member prepare a list. Responsibilities of days are equally distributed to all departments. Department has to submit tentative plan for the allotted days. Institute organizes screening and treatment camps on occasion of days are generally conducted in rural areas. In the presence of teachers' students got chance to explore their personality through community service. After the celebrations of these day's department has to submit their report to the Day's committee within 3 days. Reports are uploaded to the college website by committee. This record of all reports is maintained by the Day's Committee member.

The provision of budget is decided by the higher authority & the principal in the beginning of the academic Year. All the programs (National/International Day's) observed or celebrate in our institute is finance by our organization.

7.2 - Best Practices

7.2.1 - Describe two Institutional Best Practices as per the NAAC format provided in the Manual (Respond within 100 - 200 words)

1. Structured Module of Curriculum Delivery The primary function of the institute is to provide quality education using curriculum prescribed by the university. While complying with this function, it is necessary that the curriculum delivery be efficient enough to promote competency based skill training and acquisition. A module is prepared in consultation with all teaching staff and experts in the field of Physiotherapy education. It includes time bound teaching and learning activities from day 1 till end of university examination, internal assessment examination schedules, clinical posting details, project work timeline, and a small unit of co curricular activities.

2. Out Reach Program- Project Paridhi To provide community based services to community dwelling individuals who are otherwise unable to avail hospital based services. Project Paridhi encompasses the spectrum of services provided by 4 clinical departments. The services include Screening camp, ANC PNC clinic, Diabetes clinic, Stroke rehabilitation registry Falls clinic targeting different age group of patients and various conditions. Quantitatively number of

visits and camps at different places have increased over a period of time, number of patients treated by each unit have increased reflecting increase in numbers all over the stats. Students are benefitted by getting major opportunity to handle patients, treat them.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution during the year in one area distinctive to its priority and thrust within 100 - 200 words

Institute has done extremely well under Teaching Learning & Evaluation which is one of the primary & core function of the teaching institute. Key measures adopted by the institute. 1. Strict adherence to academic calendar - 90% adherence

2. Rigorous class monitoring program - 90% Classes as per schedule

3. Adoption of Innovative ways of teaching - flipped classroom.

4. Regular seminar presentation under the guidance of Mentor & year co-ordinator - improve soft skills.

5. Regular class tests with immediate feedback - improve writing skills.

6. Integrated Teaching of clinical conditions - understand Holistic approach & importance of rehabilitation Team.

7. Experiential Learning - patient care at hospital & through the community visit, industrial visits.

8. Research projects based on community needs

9. Student's participation in Innovation projects for Avishkar interuniversity competition.

10. Participation in National & State Level Conferences with prizes Share our research with scientific community.

11. Adoption of OSPE as a Evaluation tool of internal assessment examination.

12. Adoption of objective method to evaluate clinical skills periodically.

13. Regular case presentations to improve clinical skills.

8.1.2 - Steps/procedures adopted by the college to train students in Clinical Skills and Simulation Laboratories in advanced physiotherapy techniques such as manual therapy, functional electrical stimulation, Biofeedback, etc.

As per prescribed curriculum of affiliated university various skill development techniques are taught in the institute.

We have four speciality subjects' Labs in our institute as follows:

Musculoskeletal Physiotherapy

All conditions related to the orthopedic pathology are treated in this branch. It is a separate branch/specialty of Physiotherapy

which also includes soft tissue mobilization like myofascial release or manual mobilization skills.

Neuro Physiotherapy

Skills related to such conditions includes neural tissue mobilization, Neurodevelopmental techniques, approaches like Brunnstrom approach etc are taught in this department.

Cardiorespiratory Physiotherapy

Treatment skills like postural drainage, positioning of the patient, chest physiotherapy are taught to the undergraduate and postgraduate students in the specially arranged skill labs in the department.

Community Based Rehabilitation

Skills like patient handling, wheelchair management in the outpatient community are taught to the students.

Kinesiotherapy Lab

All the basic manual assessment and treatment skills are taught in this lab on models or the colleagues. Basic assessments like range of motion, manual muscle testing, vital parameter checking, and reflex testing are taught here.

Electrotherapy Lab

Includes electrical stimulation, TENS, Hot pack, Paraffin wax bath etc in the lab. In our institute we teach the undergraduates, testing and use of the equipment's on the models.

8.1.3 - Steps/procedures adopted by the College to expose students to Quality of care and Patient Safety procedures including Falls Prevention, Equipment Safety, utilization of

principles of ergonomics, infection prevention and control practices etc.,

QUALITY OF CARE

WHO defines quality of care as "the degree to which health services for individuals & populations increase the likelihood of desired health outcomes.

For effective transportation of patients & required equipments:

- Wheelchair, Stretchers, Elevators
- Cardiac ambulance: 1 (Monitor, SPO2, ECG, Ventilator, Defibrillator, Suctioning, 2 O2 cylinders.)
- Fire extinguishers at every block in hospital, fire alarm with fire exit & assembly point.

PATIENT SAFETY PROCEDURE

- Falls preventive strategies in hospital
 1. Ramps at entrance for wheelchair transfer
 2. Grab Bars at both sides near entrance
- Falls Clinic: Every Tuesday fall risk screening with self reported questionnaire along with preventive strategies.

SAFETY PRECAUTIONS AT PHYSIOTHERAPY OPD

1. Good quality equipments
2. Earthing: Central voltage stabilizer for all electrotherapy modalities to avoid voltage surge & discomfort to patient.
3. Maintenance: Maintenance contracts with manufactures for yearly services
4. Utilization of principles of ergonomics

Weekly Ergonomics Clinic for Employees doing sedentary workers & students.

Information about ideal work environment to avoid strains and strains with PPT describing proper workplace adjustments.

INFECTION PREVENTION AND CONTROL PRACTICES

1. Daily ICN rounds in Casualty, ICU & OT with Checklist
2. Every month Rate of Infection is calculated from each ward, ICU & Lab.

8.1.5 - The Institution has introduced objective methods to measure and certify attainment of specific clinical competencies by BPT students/interns as defined in the undergraduate curriculum.

Objective methods

Clinical competency is the primary focus of education at our institute after classroom teaching. In the absence of tutors or clinical therapist, teachers have the dual responsibility of classroom teaching and clinical teaching along with patient care.

1. 4th BPT, 3rd BPT, 2nd BPT. : During each clinical assignment students evaluates, functionally diagnose, plan and practice clinical skills on patients under supervision. Students are instructed to maintain daily log book which describes the work done during the clinical posting. Patients are allotted to each student for evaluation, a schedule of presentation is prepared and each student is graded based on the skill of presentation, performance of assessment procedure. This score is shared with the student immediately so that feedback is given about the performance and areas of good performance and improvement are emphasized.

2. Interns -Daily log book is maintained by them which is duly signed by the unit incharge regularly. Clinical work is evaluated at the end of each posting and information given to the students.
3. PG students : Objective assessment of clinical work is done through case evaluation sheets. Proper record is maintained and due feedback is given about their performance.

File Description	Documents
Report on the list and steps adopted by the College to measure attainment of specific competencies by the BPT students/interns.	https://www.vimscopt.edu.in/wp-content/uploads/2024/03/8.1.5-Report-on-the-list-and-steps-adopted-by-college.pdf

8.1.7 - Steps/procedures adopted by the college to sensitize students to contemporary medico-legal practices and third-party payers/insurance mechanisms, indemnity insurance protection etc. relevant to the clinician/provider as well as the patient/recipient.

The objective of medico legal workshop for students is to know about the medical- legal practice, laws, clinical and special consideration in physiotherapy practice. This medico-legal policy will help the students to aware about the patients handling, communication and role of medical worker. Also, to provide knowledge, skills and appropriate behaviour required for treating the patients.

Ethical and clinical practice training gives an idea about role, responsibility and ethics administration for physiotherapy practice. Students should able to apply the same professional bed side manner

and decision-making strategies in future physiotherapy practice. This workshop training will be held every year for students and feedback will taken from them. Principal gives the idea about the ethical and clinical practice training benefits in physiotherapy practice.

8.1.8 - Steps/procedures adopted by the college to introduce students to healthcare practices that are inter-disciplinary, such as clinical psychology, social work, wellness programs, Yoga etc. during their clinical training during the year.

The institute has adopted the healthcare practices which includes interdisciplinary such as social work, wellness programs, and other various clinics. In this the Primary Health Care center and Social Worker (Pragati Pustak), it is an innovative Program instituted by department of Neurophysiotherapy which involves primary health center health care workers in the project. The Department of community Physiotherapy conducts once a week ANC/PNC clinic in collaboration with department of Gynaecology & obstetrics. This clinic provides ergonomic advice to the women's during antenatal care phase & post-natal care phase of Pregnancy also with this elderly patient for any risk of fall with Dept of Social Work are also assessed. Then the Department of Cardiovascular and Respiratory Physiotherapy conducts chest clinic in collaboration with Department of Medicine. The objective of this clinic is to provide respiratory care to patients suffering from respiratory diseases. The Department of Musculoskeletal Physiotherapy provides rehabilitation to patients suffering with knee joint pathology, in collaboration with dept of Orthopaedics. The holistic care provided to patients at the same place promotes interaction between both healthcare professionals.

8.1.9 - Measures taken by the college to familiarize students to Rehabilitation and Disability practices as per WHO guidelines relevant to community-based rehab (CBR) and rehabilitation in India.

The aim of community-based rehabilitation is to help people with disabilities, by establishing community based medical integration, equalization of opportunities, Physical therapy (Physiotherapy) rehabilitation programs for the disabled. The Institute promotes regular engagement of faculty, students and supportive staff like social workers, admin & community workers with neighborhood community for their holistic development and sustained community development through various activities. The programme namely defined "Integrated Model for Learning Disability" wherein all specialties (Musculo, Neuro, Cardio, & Community) are involved to deliver holistic approach of rehabilitation & orientation on the basics use of rehabilitation facilities. Pre-planning of activity: Supportive staffs are involved in training of survey in the neighbourhood villages of our hospital located at Vilad Ghat, Ahmednagar. The area of project/survey is predecided under supervision of senior faculty based on population problems. The orientation & training is given to the students & supportive staff before visit. Along with the Integrated Community Programme we carried other disability programme under following heading.

1. Early detection clinic.
2. Disability counselling
3. Assistive devices
4. Vocational training

File Description	Documents

8.1.10 - College has advanced Equipment / Instrumentation facilities for Evaluation and Treatment for Physiotherapy as follows: Treatment (Low tech and high tech - ranging from

paraffin wax/moist heat to low level LASER/combinations of multiple currents/advanced manual techniques etc.) Clinical, functional and behavioral assessments (Uni-dimensional measures to assess pain, balance, coordination and locomotion to scales measuring multidimensional constructs such as activities of daily living, cognition, community living function and gait etc.) Diagnostic/assessment test and tools (Low tech solutions such as Paper and pencil tests/stop watches to high tech solutions such as gait, balance, ergonomic analysis labs) Enumerate and describe the availability of the above treatment and tests in less than 100-200 words.

Institute has low & high tech treatment instrument, ranging from basic units such as paraffin wax to LASER equipment for the treatment of patients in outdoor as well as indoor unit. Students are trained to use this equipments through routine posting & utilized the facility for the benefits of patients. Institute has latest EMG machine with EP system 4 channel, & PFT instrument, PC based Spirometer, ultrasonic nebulizer, for the diagnostic and treatment purposes.

Digital ultrasound, electrical service & lumber traction unit, Biofeedback unit with digital display, computerized laser therapy, pocket TNS machine, CPM unit, etc. are used for the treatment of patients.

These assessment measures include basic Pain Assessment scale to recent ICF based, Questionnaires & Scales including core sets for different clinical conditions.

As per the curriculum all functional scale such as berg balance scale, pain assessment scale, STREAM, SPADI, Dynamic Gait index, Tinneetti Balance scale, REBA and RULA Assessment scales for the ergonomic evaluation.

Diagnostic test & tools includes simple gait measurement device such as ink pad methods to 3600 Posture assessment tools developed by the institute

Overall, institute incorporates clinical and technological approach for better recovery of patients.
