**MESSAGE FROM PRINCIPAL**

The Code of Conduct is dedicated to ensuring that students experience a safe, supportive, and intellectually stimulating learning environment. The core principles that form the foundation of an effective code of behavior include: providing clear expectations, recognizing that everyone's behavior has an impact, promoting positive behavior, balancing diverse needs, valuing the importance of relationships, encouraging personal responsibility, ensuring fairness and equity, fostering equality, acknowledging educational vulnerability, and safeguarding freedom from threat. It is important to recognize that teachers, parents, and students may have different perspectives on behavior, and open communication is key to addressing these differences. A common understanding will provide a sound foundation for a whole-college approach to promoting good behavior and for responding to inappropriate behavior. The factors that contributed most to good behavior were college and departmental policies, student aspirations, ambitions and expectations. Promoting good behavior is the main goal of the code.

College management and staff should actively cultivate an ethos, policies, and practices that encourage positive behaviour while preventing inappropriate conduct. The objective of the policy is to support staff and students in creating a positive environment, in which learning can take place and all people in the college community can feel valued and appreciated. The policy has a set of overarching concepts, but these have been refined with details relating to particular groups or individuals. Hence the code guides will help day-to-day practice and helps them to understand their responsibilities in caring for service users in a safe, ethical and effective way. The code will support ethical decision

making, on-going reflection and professional self-development and also sets standards for the regulation, monitoring and enforcement of professional conduct.

## CODE OF CONDUCT FOR STUDENTS

### 1) Attendance:

- a) Students should attend regular classes & Practical / Clinical Sessions in order to meet minimum criteria prescribed by the university.
- b) It is mandatory for all students to attend educational visits at prescribed place, medical camps, Field work, Seminars, Workshop, prescribed by the Institute form time to time.
- c) Attendance at activities related to the observance of various national and international days is mandatory
- d) Students should maintain all documents related to academic programme as instructed by teachers & should produce it when asked for.
- e) It is the students responsibility to make every possible attempt to meet the requisite criteria for attendance & avoid detention.

### 2) Discipline:

- a) Students are required to wear neat, clean, formal attire, along with a white apron featuring the institute logo and their institute ID card during regular college hours.
- b) It is the students responsibility to get I-card & Apron with college Logo replaced in case of any damage.
- c) Students are expected to refrain from loitering around classrooms and laboratories and must help maintain cleanliness. Any damage to institute property during regular classes or laboratory/clinical sessions will result in strict disciplinary action.

- d) Students should not indulge in any ragging activity at any given point of time either in the institute or in the Hostel. If it is found, strict action will be taken in the form of suspension or expulsion depending on the nature of ragging & recommendation of anti-ragging squad institute. Students should abide by the ordinance 157 & section 95 of Maharashtra University Act-1994 regarding the maintenance of discipline & good conduct.
- e) Being a Co-education institute, every student is expected to respect the opposite gender & behave in a maximum decent way possible. Any genuine complaint from a student will be taken seriously and accordingly action will be taken.
- f) Students are expected to participate actively in the various extracurricular & Co-curricular activities organized by institute or deputed by the institute outside the institution. During this time, student is expected to work in a team of senior and junior students along with teacher.
- g) Students should keep reading the notices issued by the institute from time to time and act accordingly.
- h) Students must Switch-off their Mobiles during the regular teaching activity. If student is found using the Mobile, strict action will be taken.
- i) It is mandatory for the students to apply for leave in advance through proper channel. In case of genuine reason, leave will be granted on a telephonic basis.
- j) Students should abide by all the rules of library & observe a strict silence while using reading hall of library.
- k) Students cannot circulate any printed or hand written material among other students without prior permission from the principal.
- l) PG students are expected to follow all above instruction along with being on duty as and when instructed by unit in-charge. Along with routine PG activity, deputation for any field work or patient related activity should be accepted by each students. It is mandatory for each student to follow the instructions of unit in-charge regarding the dispensation of patient related work.

## CODE OF CONDUCT FOR TEACHERS

1. It is expected that once the profession of teacher has been adopted, a teacher would conduct himself/herself in accordance with the ideal of a profession.
2. Students look upon the teacher as a role model and hence it is expected that the teachers will behave in the most appropriate way.
3. Teachers should:
  - a) Discharge their professional responsibilities as directed by the Principal from time to time.
  - b) Work in co-ordination with other teachers, students, non-teaching staff and teachers from other departments related to undergraduate and postgraduate education.
  - c) Conduct regular teaching assigned to him/her and treat all students with equality.
  - d) Take care of slow and advance learners and should pay special attention to their needs in special classes or extra lectures.
  - e) Teachers should undertake necessary evaluation of students as directed by Principal for understanding the progress of each student in a particular academic year and overall academic growth.
  - f) Fulfill their role as subject teacher, year co-ordinator, examiner both theory and practical, paper setter and evaluator, member of the department, part of various committees.
  - g) Submit their performance appraisal report at the end of year and should note his/her progress both academically and non-academically.

- h) Represent to the university as and when required by the institute with prior permission.
- i) Undertake the assignments with universities after consultation of the Principal.
- j) Not accept any appointments from any professional body such as association, council, other university, NGO without the knowledge and prior consent of the Principal.
- k) Communicate with other stake holders such as parents with the purpose of mutual exchange of information and suggestions for the overall benefit of students.
